MEMBERS OF HURRICANE VETS CHARITABLE TRUST WITH TEAM THIRUMALA FOR THE VETERINARY HEALTH CAMP

A Veterinary Health Camp is a crucial service for livestock holders in remote villages with limited access to veterinary dispensaries. These free camps play a significant role in providing healthcare to animals, enhancing their welfare, and supporting rural livelihoods. They offer essential services like vaccinations, treatments, and awareness, which help improve animal productivity, reduce disease prevalence, and contribute to food security.

On February 8th, 2025, a free Veterinary Health Camp was organized at Kundalapuliur Village of Viluppuram District by Thirumala Milk Products Pvt. Ltd., Chennai in collaboration with Hurricane Vets Charitable Trust (HVCT), Chennai. Approximately 150 cattle benefited from this initiative.

The Veterinary Health camp focused not only on routine disease screening and addressing health issues of dairy cattle but also on spraying for external parasites, which was a key highlight. The farmers expressed their utmost satisfaction with the services provided.
